*\* What brought you to John Cabot University?*

I googled schools in Rome and found John Cabot. It seemed like the perfect fit because it offered classes in English that I could transfer back to my University in California

*\* What was your career path after graduation?*

I am currently looking to work in Marketing and Development in the Not-for-profit industry.

*\* What about your time at John Cabot shaped you most?*

Living in a foreign country allows you to study not just your subjects in class, but life itself in the US and in the world around you.

The fields/questions with the red star (\*) are compulsory for the completion of your profile

\* *What are you working on now?*

I recently got engaged so I am planning a wedding.

*What do you miss most about Rome?*

Public transportation and the food!!!! There is just nothing like bufala mozzarella, fresh tomatoes, and that olive oil! Walking everywhere and eating such good food kept me in such good shape.

*If you could live anywhere in the world, where would that be?*

I would move back to Italy for sure. I would probably not live in the city because the richest experiences I had, came from interacting with people that were in the country and spoke very little English.
